MP MOVEMENTS

OFFICE MATTERS

PRAYER REQUESTS

Andrew & Patrizia (Day 9)

Please pray for our son Alan's transport issues (problems with buses not keeping to their schedules) for going to Terracina and back for his civil defence work; also please pray for Patrizia as she works on logistics for our church retreat and for a translator for an important Brethren conference in Northern Italy planned for the end of the year.

Trinity & Liv (Day 10)

Praise God for successful mid-term finals at the seminary for Trinity. We have also just announced the Biblical training centre in Norway, Teologihuset (Theological Academy), so please pray that many would sign up for the first class beginning in August 2026. Pray for the elders of the churches that are helping us with teaching, and that we will have books translated and syllabi ready. Continue to pray for Liv as she faithfully homeschools our children while being involved in multiple Bible studies.

Benjamin & Hannah (Day 11)

We are currently on furlough in NZ and will be here until mid-February. Please pray for good connections as we travel around NZ. If you would like us to visit you, please let [Heather](#) know and she will put you in touch.

Nigel & Nicola (Day 25)

Please pray for an upcoming event with the Israeli Ambassador, that this will be a good opportunity for local believers to show their support. Also, pray that the upcoming Saturday Seminar at my Home Church, looking at the Remnant of Israel: Past, Present and Future, will be a blessing to those who attend.

Margie (Day 24)

Thank you for praying. We have two new families we're supporting - both mums. Simnona and Andreea, are feeling there is no hope. Each is deeply overwhelmed, and this is impacting the care of their children. Simnona, who also faces the added challenge of extremely poor living conditions. May God's love, hope, and practical help reach these families right where they are.

Warwick (Day 9)

Two days ago, several old people's homes in a town near Fondi were visited and portions of the New Testament were left. We trust that they will be read and that some of the aged will come to the Lord and be saved. Some outdoor evangelistic activities are still being done but with cooler weather coming on this will be temporarily closed.

I would value prayer as I continue doing the chemo treatment on account of the "non-Hodgkin lymphoma" diagnosis. I've done two sessions and have four to go, the next is on the 23rd Oct. I'm glad also for online possibilities for serving our Lord Jesus.

Pascal & Renee (Day 3)

Please thank God for the Bible Box ministry that we have with MAF. Through generous support we can sell Bibles and Christian material in the bush to people at a very low price. Even in bigger towns, it is often not possible for people to buy a Bible. We are thankful to be able to encourage people in remote areas through this ministry.

Darron & Susan (Day 8)

We are thankful to have this time in the USA before heading back into ministry full time. It hasn't been as restful as we thought it would be, so we are working to be more intentional about that. Please pray for us to balance Darron working, us spending time with family and making sure we are healthy to be going back into Liberia.

Stephen & Karen (Day 15)

Please pray for Steve and others at our annual leaders meeting at the end of October in Canada. As usual we need God's wisdom for the opportunities and difficulties before us.

On a personal level, please pray for a new young woman to rent a spare room in our house in Sydney shared with our daughter and other girls. The rental income is important in meeting our mortgage obligations. Thank you.

Simon & Ann (Day 4)

Please pray for the ministry to the slum children, that we (and our fellow church members who we do this ministry with) could build good relationships with the children and their families.

Please pray for our trip to another island. Pray for Simon as he teaches a seminar on preaching and he will also be preaching in two different churches. Please pray for it to be encouraging and faith strengthening

Craig & Nay (Day 5)

We are planning to come to NZ near the end of November for a few weeks. Please pray that everything will fall into place for our time there. Specifically, we need somewhere to stay in Wellington for a time around the 25th Nov to 7th Dec. Please pray that we can find something suitable for a family of four.

Richard & Yuko (Day 6)

Todd Howard from America will soon join us to discuss the significant task of evangelising towns in Hokkaido that currently have no church. As we pray, God will hear the intercessors and fulfil the vision in Revelation 7:9-14: a countless multitude from every nation, crying out in worship - those who have washed their robes in the blood of the Lamb.

MOVEMENTS

Benjamin & Hannah (Day 11)

Arrived 3rd October
Depart 11th February

Alex & Lynette (Day 15)

Arrive 1st November
Depart 8th February

Please pray for our Headspace interns as they conclude their time in Cambodia with Sue Hanna and the team from [Flame](#). This has been a valuable time of learning about language, culture and people and has provided great opportunities to serve. Please pray:

- For the Headspace interns as they travel back to New Zealand at this end of this week
- For the final three weeks of class as the Headspace year draws to a close
- For those that are considering enrolling in [Headspace](#) in 2026

For more updates on what the team is doing, follow along on our Headspace [instagram](#) and [facebook](#) pages.
