

PRAYER REQUESTS

Brian & Vicky (Day 28)

Please pray for Joe who is on our hearts. He came to us through an introduction. Joe has kept his contact up with us for many years. When Christians pray for the Jews they come to Jesus. We have seen this happen. We gave Bibles to two young men who attended Shalom Camp. Both received Jesus and we had the joy of baptising them in the pool at camp.

They went home and their father was not at all keen about them having Bibles. Pray for their dad, that he might read the Scriptures. Please pray for Vicky, for her safety as she goes about daily tasks.

Barnabas & Hannah (Day 27)

Praise God for faithfully guiding our lives and ministry through a busy semester. Pray for July graduates as they take next steps, and for incoming students as they prepare for a smooth transition to Eastwest College. Pray for the visas for an international applicant's family for July. They booked a flight for the 14th July. Pray for community protection from winter illness, particularly among young children. May Judam experience a deep encounter with the Lord, and may Jubin finish his final year at Gordonton School well. Please pray that we may be filled with the Holy Spirit through Word and prayer. Grant physical strength, deep peace, and His presence for our ageing parents.

Marion (Day 6)

Please pray with our Japanese friends that not only unbelievers but believers too, may choose Christ and His Word, and that to know Him surpasses education, achievements, fame, or possessions.

Kathleen & Anita (Day 17)

Praise God for His mercy in delivering us from a communist government. Nationwide the evangelical church in Colombia has woken up and is assuming its God-given role to pray for those who rule over us. There are extended times of intercessory prayer organised for the whole month of July for the right-wing President elect as he chooses his government officials.

Our mid-year Broken Cisterns seminar is making an impact on those who are attending. Praise God for Norma, who after attending for several years is now equipped to take the lead in sharing these life-changing truths to more people.

A young Christian lady invited us to share Biblical truths with her traditional Catholic family. Praise God for acceptance and the impact it had on several members.

On Sunday July 5th we will both be speaking in two different churches. Pray for God's Word to go out with power.

Ashley (Day 11)

I'm urgently looking for a house as it's only a few weeks until my parents get here. We want to be preparing for the new school year when they get here. Pray that I find a house before they arrive and before I go to language school to learn some basics in the minority language. Keep praying for a van too, it would also be practical for this to come together while my parents are here as well. Pray for God's protection over Rudi, he has been placed in some kind of institution, pray for a nurturing environment despite their reputations to not be so. Pray for Babus, Roza and Nico they all have a lot going on in their young lives. Pray God works in their hearts and lives.

Karl & Helene (Day 4)

Giv thanks that we safely made it through our longest Papua New Guinea road trip yet - please pray for our next three weeks working from Goroka. Pray for Karl to complete the list of work that needs completing while we're here, for Helene and the girls to enjoy spending time with friends in a different part of the country, and for our return road trip back to Hagen in mid-July to also be safe.

We have it on our hearts to disciple others, and we are looking for the opportunity. Please pray that God will bring along the right people who are available and willing to learn and grow.

Jonah & Anna (Day 13)

Please pray for us as we prepare to take furlough in August - pray

- For the relationships we have been forming here to stay strong
- That the gym building would be completed before we leave, especially the steel work
- For the kids to handle the transitions well

And please pray that the Lord will show his love through us here.

Mitchell & Elisabeth (Day 26)

Winter marks the time when ISM plans regional conferences with international students. These conferences provide opportunities for the students to develop in their individual faith journeys or to start that journey. Pray for our teams as they prepare materials and activities for the conferences, as well as for the students who will be attending. Our leaders and volunteers appreciate your prayers.

Individually, pray for T from China as she has been exploring Christianity at Bean of Life on Tuesdays. Also, we have been meeting with M, who is also from China, to help him with his English language skills. He is showing an interest in the Christian faith. Ask the Lord to prepare their hearts to hear and respond to the Gospel.

Jeff & Ginny (Day1)

Please pray for wisdom and discernment over several speaking engagements lined up at different churches through July and August. Pray that I'd bring the right word to each congregation and speak with clarity and humility.

Please continue to pray for an important meeting in July regarding the new Missionary Training Centre (MTC) project in Vanuatu. It's really one of a series of meetings, and together their outcomes will shape the decision ahead — so pray for clarity, unity among those involved, and a clear sense of the Lord's leading.

Ginny has a follow-up scan coming up for the ovarian issue that caused her significant pain back in March. Please pray for a clear diagnosis and for the right treatment to follow.

Please pray that our children would come to know Christ for themselves and keep growing in Him — and that, as a family, we'd become more like Jesus.

Ashley & Gillian (Day 19)

There is a concerted effort among the assemblies in Fiji to be more proactive to the wider communities and be involved in evangelism, street and openair witnessing, and distributing bibles and tracts in public places where people congregate such as marketplaces and at sports events. This effort has enthused and encouraged the youth who have been making contacts and inviting people to attend church services or a youth rally event. The Gideon camps are active and distributing New Testaments. In Suva they have regular Saturday teams involved. We are in the process of preparing to return to Fiji in August for three months, and value prayer as we plan the itineraries and collate practical needs to take and assist on the ground in the ministry.

Andrew & Karen (Day 11)

Please remember the Summer Camp we are running. 59 youth and kids, three visiting teams and 30 staff, for four weeks. Please remember the staff as we manage and run everything. May we all depend on Him and His Spirit in us as we teach, care for and interact with everyone. Please remember the youth and kids. We ask our Father to help them know Him and give their lives to Him. As they return to their villages in three weeks' time, may they carry His light and love with them into their own families and communities.

Robert & Ayesha (Day 14)

Thank you for praying for us and the ministry in Central Asia. Praise God for the opportunities we've had recently to share the gospel with new students. The university year has just wrapped up, and we are busy preparing for the year ahead while battling the beginning of summer's heat - currently reaching 40 degrees in the shade! For our family, please pray for good health and rest in this season, and that our support level remains healthy. We have a vision test for Isabella coming up in a month - pray that all the logistics would come together and the testing would be good quality.
