OFFICE MATTERS

PRAYER REQUESTS

Francisco & Joanna (Day 16)

We are back in our home now, and beginning preparations for the new season of ministry with youth here. We're very encouraged with how the TCK (Third Culture Kids) meetups are going – there's a great sense of belonging, and chances to share how God can help them with the challenges of a multicultural lifestyle. Please pray for us to define well what our ministry will look like in the next while, as we plan strategically to have the most impact possible, whilst still remaining sustainable.

Mark & Korrin (Day 14)

Please pray for Korrin this week as she is helping debrief a local missionary. And for Mark as he is preparing for some fun teaching opportunities in the coming months.

Ashley (Day 10)

Pray for Rudi, Andreea and Roza. After Rudi was signed out of the institution he was in, the whole family packed up and left the country. Pray the receiving country would see these kids and put extra care and support around them. A church I spoke to several months ago has come back to me and is keen to get an afterschool program started, we will meet soon to make a concrete plan. I also want to continue to work alongside the new community I have been visiting. Pray for the details of working in the three places to come together, for the relationships and for direction. House hunting is yet to produce a place, pray I would find a house or an apartment that is suitable and where the people I work with would be able to visit. Pray for the van fundraiser that it would soon be possible for the purchase of one to happen. Thank you!

Ian & Judith (Day 21)

Thank God for the positive outcomes from Ian's recent trip to India, Ethiopia and England. New connections with scholars and institutions were made. We found the Ethiopian assemblies evangelistic vitality so encouraging. Meeting Karina and Jeremy and family in London was also special.

Margie (Day 24)

I'm feeling so grateful to be serving with TFC. Thank you for your faithful prayer support. I have a busy few weeks ahead sharing the TFC story; Napier/Taupō later this week, Auckland 25-31 August, and Palmerston North 2-6 September. Please pray that wherever we go, our story will be a blessing and encouragement to everyone who hears it, and that God will use each opportunity exactly as He intends.

Anita & Kathleen (Day 15)

Praise God for two answered prayers, that have brought a double blessing: we have found accommodation for Patricia and her adult son and last week she received the first of the monthly government subsidy for senior citizens. This means she will be able to pay a part of her rent.

We give praise for our new president, God's chosen instrument to bring order to the country. (Isaiah 45) Pray that God's people will take their task seriously and will be vigilant in prayer.

This week Manuela is doing the paperwork to renew her contract with the Security Guard Company. Please pray for the placement of God's choice. Recently Manuela's mind has been bombarded by the evil one.

Please pray she will be spiritually strong and resist him in the power of God. Pray also for a solution to the toxic relationship with her mother. There is so much pain that only God can heal.

Jeff & Ginny (Day 26)

Praise the LORD that the speaking engagement in August went well. Ginny's ultrasound scan went well. The ovarian dermoid has reduced in size, which we are thankful for. She still needs to see the doctor for a follow-up, so please pray that the doctor will give us clear direction.

Pray for Jeff who has been experiencing ringing in his left ear, with no obvious cause. He has had his ear checked, and the results were normal. Please pray for healing and peace.

Please continue to pray for our new project, the MTC in Vanuatu, and that God would make a way for us to move forward. Please also pray for unity and wisdom as we navigate this journey with those who are actively involved in this vision.

Pray for healing for Isaiah, our youngest boy, and that he would grow out of his eczema, which has been flaring up recently. Pray that our family would grow in our knowledge of God, experience His goodness in our everyday lives, and become more like Jesus.

Mitch & Beth (Day 26)

Ministering to international students has been such a rewarding experience for us. Recently, we said goodbye to several students, and their words continue to resonate with us. For example, M and K from China let us know just how impactful their time with us had been. Pray for them as they continue on their educational journey in Australia and then later in England. Ask the LORD to bring other Christians into their lives and that they would continue to seek Him. Pray for MW, also from China, as he continues to show a strong interest in discovering the truths in Scripture. We meet with MW regularly, so pray that those opportunities produce eternal fruit in his heart and life.

We are grateful for all who prayerfully support our ministry, so keep us in your prayers that we may 'run the race with endurance.' (Hebrews 12:1)

Elijah & Olivia (Day 30)

Please pray

- That we would have safe travels as we fly to the UK to start our training
- That we would stay unified together in our calling
- That we would adjust to a new time zone quickly and adjust to study well
- That we would not neglect our calling as parents and for wisdom to raise our children well

Ashley & Gillian (Day 17)

We are settling back into another term on mission in Fiji and have been reconnecting with many contacts and following up with pastoral care visits. There are busy schedules and commitments ahead and as a team we work alongside the local church leaders on the proposals made last year to be activated and put in place. Two include the provision of finding assisted access for local pastoral workers to be able to visit and go to off-road and isolated villages and compounds reaching out with the gospel message and offering practical need assistance. The Sigatoka Community Church leadership has reinstated the weekly drop-in lunchtime prayer, discussion, and counselling session held on Fridays giving an opportunity to encourage those who pass by to come in for coffee and take a tract.

Kirsty (Day 7)

Please pray for Zambia as we have our elections this week. Pray for peaceful and safe elections and for the leaders who will be selected to be wise and faithful.

We also have a holiday program this week so pray for the young people coming to hear the word of God and that it would transform their hearts as they get to know their saviour.

Finally, please pray for my health.

Andrew & Karen (Day 10)

Three weeks ago, we completed our annual Summer Youth Camp. We had 60 people stay with us for the 4 weeks. Almost 100% made a new commitment or a recommitment to the Lord. Please pray for them all: may the Lord protect them from the inevitable attacks and discouragements that come from our enemy.

We are commencing our second term of English teaching and are desperately short of people to help teach. Please pray that the Lord will call people to help us in this need.

Marion (Day 5)

About ten days ago there was a devastating earthquake in Kumamoto, Kyushu in which 39 have already died and more each day in temperatures of up to 40 degrees and over, and no water. Our dear friends, Mr and Mrs Amakawa are among the many sorting the broken tangled mess in damaged homes. Please pray for them and their friends.

Matthew & Hannah (Day 24)

Please pray for us as we settle back in Dunedin for the time being.

MOVEMENTS

Matthew & Lydia (Day 1)

Depart 21st August

Phil (Day 23)

Returns 30th August

Marty (Day 26)

Departs 22nd August

Returns 6th September
