OFFICE MATTERS

PRAYER REQUESTS

Murray & Joy (Day 23)

Geoff & CarolAnne Paynter are joining us to leave this Thursday March 19th to travel to the Coral Coast Christian Centre in Fiji to teach the course on Christian Leadership that Geoff wrote for DR Congo. Charles Marau the Word of Life director in Fiji visited us last year and we showed him the courses we have been teaching in Congo, and he invited us to come and teach the Leadership course in Fiji. He has organised a weekend teaching conference starting on the Friday evening 20th March and running until the Sunday 22nd March. We are expecting about 50 to 60 attendees and would request prayer for this teaching on Christian leadership that has been transformational in our DR Congo setting. We are also spending time with Word of Life staff during our visit.

Bill & Angela (Day 17)

We are praising God for Marcela receiving her much needed hip surgery last week and praying for her recovery. Please pray for Jose and Ingrid as they lead the Kids Club outreach and intentionally reach out to the families.

Andrew & Patrizia (Day 9)

Your prayers for our brother Manoj who is recovering from an operation to remove a tumour in his head are appreciated. Also please pray for the special program for Indian and Pakistani women planned for the 7th of March. Please also pray for the Lord to open the way for brother Khurum to come from his nation to this province for outreach to Pakistanis and Indians. Thanks.

Tim & Angela (Day 15)

We're grateful for some constructive team conversations in recent weeks about longer-term developments. Pray for the 18 kids in our team that they would each flourish here while growing more in confidence and understanding of the local language and culture, and as they continue to grow and know Him more. Pray for unity in our team through a time of some relational conflict, and for all of us to grow in the challenging area of being over doing, reducing hurry to be with people. Pray for an encounter with J and for our surrounding community as Ramadan begins. We also need prayer as we try to learn more how to support new believers from different faith backgrounds. Thank you for partnering with us.

Bruce & Robin (Day 27)

Each of those who I meet with as part of discipleship start to read, Tom Wright's The New Testament for Everyone. This has been a superb set of conversation starters because it is in a level of English that those who are in second-language English are understanding and embracing. Pray that each word can bring life. Pray also as the New Zealand country team starts to meet monthly and interact with each other in between times that this becomes a time of effective support, care and love.

David & Enless (Day 8)

Thank you for praying for:

- The new surgical team as it rebuilds after years of short staffing.
- Safety on the roads for all of us, as hundreds of motorbikes make driving challenging.
- Harmony and teamwork amongst all hospital staff and a realisation of the dangers of alcohol.
- Good health amongst Mission staff as malaria season is upon us.

Andrew & Greer (Day 7)

Please pray that our family gets new visas, Lord willing in time for us to return for the bible college students' graduation in late March.

Francisco & Joanna (Day 18)

Please pray for wisdom and clarity as we prepare to share here in NZ, that we would communicate faithfully what God is doing in Paraguay. Pray that God would help us to connect with new, faithful supporters who will partner with us in spreading Jesus's love. Especially please pray for M., a young teenage girl in a very vulnerable situation in Paraguay. Please pray that through everything she is facing, she would learn to trust in God and find her security in Him.

Ester (Day 28)

I went back to work with the PTXprint support team on the 16th of February after going overseas to attend the funeral of our eldest brother and to spend time with family. While I was away, there have been two software releases. In May 2026, the plan is to attend the biennial Bible Translation and other related workshops in Thailand, including the software PTXprint, an open-source software developed especially for the publication of Bible translations and other Scripture related content in print or online formats. The maximum time to be spent in Thailand could last from two to three weeks. I would appreciate prayer for the following:

1. Good communication with Alex, my brother - only two of us are left out of the original five siblings - as we navigate our grief and the need to attend to the intricacies of unresolved family matters.
2. Wisdom to learn the almost monthly software releases of PTXprint and good communication with my mentor who is also based in NZ.
3. Preparation for the upcoming workshops in May and good number of participants.
4. God's guidance for Wycliffe NZ during the period of leadership transition.

Craig & Darlene (Day 1)

Please pray for us as we seek to find people to establish regular Namakura language learning sessions with. We are also planning another Bible Translation Awareness workshop on another of the Shepherd Islands called Emae and here in Port Vila where we live. Please pray for the logistics and planning for these.

MOVEMENTS

Murray & Joy (Day 23)

Depart 19th February

Return 3rd March

CONGRATULATIONS

Congratulations to **Ben & Rebekah (Day 5)** and family on the safe arrival of Giovanni, born in December 2025.
