PRAYER REQUESTS

Maree (Day 14)

I'm grateful for the time I've had recently with Kiwi friends. It has been a huge blessing. I am so deeply grateful for safety as we travelled by train and then driving around tricky mountain roads. God protected us and gave us a sweet time in nature and enjoying rich conversation. For my travels over the next couple of weeks too, I look to God for his help and protection each leg of the journey.

Trinity & Liv (Day 10)

Praise God for the Lord's graciousness in providing for all our needs. Trinity has a full week of conferences meeting with other Bible school leaders, missionaries from 40 different countries, and elders from multiple different churches around the world. Pray for fruitful conversations for the building of healthy churches in Norway. These long days will make life tougher for Liv and the children, so please pray the Lord will sustain them this week also. Continue to pray for a vehicle for us when we are back in Europe in a couple of months.

Andrew & Patrizia (Day 9)

Please pray for an event for Indian and Pakistani women to be held on the 7th of March in Fondi, and for Nandini who is planning to give her testimony that day.

Stephen & Karen (Day 15)

Please pray for the safety of one couple. They are stuck in one of the countries directly involved in the current Middle East conflict. Our family and immediate colleagues are safe. Any missile attacks are directed to the other half of the island. None of the countries in the rest of our region are directly affected at this point. 'He removes kings and establishes them. He gives wisdom to the wise and knowledge to the discerning.' Daniel 2:21, is the verse that our leadership have been pondering recently. We are trusting God for the gospel to go forward in freedom to millions in the near future.

Andrew & Esther (Day 30)

Please give thanks that God has provided an apartment for us to live in Marseille, and thanks for the excellent recent trainings from MBB.

Pray for relationship progress with the people we have had faith conversations with. Pray that during Ramadan, people have visions and dreams of Jesus.

Nigel & Nicola (Day 25)

I had been scheduled to travel to Israel as part of a tour group but that has now been cancelled. I am still scheduled to fly to the US for a deputation but will be departing later in March. Please pray for my colleagues who were already in Israel when events unfolded.

Zeke & Danielle (Day 1)

We have been on campus in Fiji for two weeks now. Students are still looking to connect with people and form new friendships as the university kicks off. We have already begun to disciple new students regularly and have been enjoying reconnecting with students from last year too. Please pray for the group of students from last year who are looking to disciple others. We are so grateful for your prayers for us and the mission.

Richard & Yuko (Day 6)

Please pray for my (Richard) travel with Russell & Joy to New Zealand. We will arrive on the 12th March. We have planned luncheons in March in three areas, Auckland (12th), Hamilton (13th) and Palmerston North (17th). Please contact [me](#) or [GC3](#) if you would more information or like to attend.

Simon & Ann (Day 4)

Simon and Pastor Niko attended a pastors' conference in Kalimantan last month, teaching and engaging with many pastors. Around 20 indicated interest in further study at the [Akademi Eksposisi](#). Pray they sign up for the next intake and that God provides more workers.

The move is going well. We are grateful to stay in the old apartment while working on the new house, which needs significant repairs. A recent working bee from church friends was a big help. The kitchen ceiling has just collapsed due to termites; please pray for quick repairs.

We see God's hand in establishing us and getting to know the neighbours. Pray "our home, imperfect as it is, will be a reflection of our eternal home, where troubled souls find peace, weary hearts find rest, hungry bodies find refreshment, lonely pilgrims find communion, and wounded spirits find compassion" (Jani Ortland).

Simon is enjoying his studies but is still waiting - after nearly a year - for accreditation of his previous degrees from an international organisation, despite many emails and no phone contact. Without it, he cannot continue his course, affecting plans such as booking travel to the US for the next block course. Pray for a swift resolution. They are thankful for your prayers.

Pascal & Renee (Day 3)

MAF in PNG is currently undergoing continuous improvement training so that we can be more effective with our resources and reach more isolated people. Please pray for our team as we undergo this training, that we can work together and continue to improve how we operate as an organisation here in PNG.

Nelson & Rachel (Day 16)

Please pray for the busy month coming up. Nelson has two trips away, one for a leadership conference in the states and the other is a Gen Z conference in another city in Mexico. I'm helping to organise two medical brigades one locally and another in an indigenous community, which we as a family, are hoping to go to. Pray for the organising but also for travelling with baby, that we can get there as it's close to the violence that is happening currently. Please also pray for wisdom about whether we look at moving closer to the base. Thank you.

Middle East

Please keep our mission partners in the Middle East in your prayers during this time of uncertainty. Several of our partners are living and serving in difficult places. Please pray for their safety and for wisdom as they support those that they are working with. Let's remember them regularly and stand with them, praying for protection, wisdom, and strength for each day.
